Welcome back – I hope your kids had a fantastic holiday.

Our last meeting was just before the Easter break. It was great to see so many people particularly when some of the senior students gave up their time to talk to us about Xavier’s Blood Ambassador program.

Isaac, Brittany, Lars and Emma gave us some interesting statistics about blood donation. They said it was important for them to be role models for other students because one of their peers needs regular blood transfusions. A parent at the meeting also commented that he needs monthly transfusions of a blood-related product so it was not only educational, but also very personal as well. If you do donate blood please let the collection staff know you are from the Xavier Catholic College community.

Paul Milgate, Leader of Pedagogy, spoke to us about his work to help teachers ensure they are meeting the learning needs of all the students in their classrooms. It was very interesting and thanks to Paul for giving up an evening for us.

The new school website has information about the Parent Group. Our next meeting is on, Thursday, 8th May from 6:30pm – 7:30pm.
